Special Good News to the Voter.

We offer a Beautiful Bound, Handsomely Printed, Elegantly Illustrated, Copy of "The Life of Ben. Harrison, by the Author of Ben Hur"

SOME THINKING The voter cannot cast an

intelligent Ballot unless he can appreciate the intricate manipulations of the wheels of government and become conversant to some extent at least with the fundamental facts and theories controlling the various great governmental departments, and he cannot hope to know the character of the chief executive unless he reads an Accurate and Impartial Biography, written and compiled by a Master Litterateur, equal to the difficult task.

Gen. Benjamin Harrison is a candidate for re-election. The Nation demands that the hero who led its armies in the Field, and who for four years has wisely and nobly steered the ship of state shall continue to hold the helm and guide our Nation through the perils of the future as ably as he has through those of the past. He who during the administration has saved the country from a series of threatening dangers, has brought Italy and Chile to the feet of our Republican throne, and made even England yield to American demands in the Behring Sea difficulty, is the man for the people of these

United States. Gen. Lew Wallace, who is known throughout the United States as one of the most intimate personal friends of President Harrison, and as having had a great deal to do with his re-nomination, has written a biography of the President, which reads like a veritable

Romace, yet is Accurate History. The book has been officially authorized and contributed to by the heads of the government in Articles regarding the workings of the Republican policy and the Present administration. These distinguished contributors include Hon. William E. Curtis, Hon. John Wanamaker, Hon. Jeremiah Rusk, Secretary Foster and Hon. Eugene Hale. Their topics include commercial Reciprocity, Postal Service, Progress of the

Public Domain, Etc. When General Harrison was asked his choice of a biographer he promptly replied, "My life-long friend, General Wallace." His chief advisors, interpreting the President's desire, have officially supplied the volume

with most valuable contributions.
